### What's new on Church of Scotland Learning?

#### New Modules

We have just launched three new modules this year. The **Stewardship** materials encompass a suite of congregational resources as well as a module to equip anyone to facilitate a 'Narrative of Generosity' session in their context. **Navigating Your Way Through Change** is a module designed for individuals and aimed at Ministers; we hope it is a helpful accompaniment in challenging times. **Future Focus** is an established Church of Scotland resource which is now being made available on the Church of Scotland Learning platform.
